**Important to Remember**

This is intended as a rough guide to assist you to gauge your eligibility for a specific program.

- Distilling all GPAs into one chart—without a hundred asterisks—is not an exact science (a 4.0 from one university can differ from a 4.0 from another), which is why there are ranges on the chart.
- If you are clearly below being eligible (or competitive, depending on the program), you should not apply; if you are close, we recommend submitting your application to the university for their assessment.
- Our universities do not share their GPA calculations with applicants.

Please note, OzTREKK does not calculate or share detailed GPA assessments—that’s the role of the universities’ admissions offices.
