
**Master of Occupational Therapy
Self-assessment form**

IMPORTANT INFORMATION

Please note this form should be completed by applicants for entry to the Master of Occupational Therapy (CRICOS code: 090620D) at Flinders University. This form should be completed and submitted via email ([intl admissions@flinders.edu.au](mailto:intladmissions@flinders.edu.au)) within 10 days of submitting their application along with supporting documentation.

Selection is based on meeting the entry requirements and academic merit (Grade Point Average). Should there be more eligible applicants than places available for the course, applicants who meet the entry requirements will be ranked according to their best Flinders equivalent GPA achieved over a minimum of one semester of full-time equivalent study in one course, and selection will be on the basis of GPA.

Applicants who are not successful in receiving an offer will be able to be provided with feedback on how to improve their chances for selection in the future if they wish to pursue a career as an Occupational Therapist.

Applicants are advised that should they receive an offer for a place in this degree they will be required to accept their offer by a deadline stated in the letter of offer. If they do not meet the deadline, their offer of a place in the degree will be forfeit. Applicants who receive an offer for a place in this degree should also note that if they subsequently receive an offer to a higher preference, their superseded offer of a place in this degree will also be forfeit.

For further information contact us via email: [intl admissions@flinders.edu.au](mailto:intladmissions@flinders.edu.au) or call +61 8 8201 2727.

INSTRUCTIONS

Applicants must meet the following entry requirements to be eligible to apply:

Applicants must hold a Bachelor degree or equivalent qualification and have achieved a Flinders equivalent grade point average (GPA) of credit (5.00) or above to be considered. Applicants must also have completed:

- the equivalent of 9 Flinders units (0.25 years FTE) of study focused on an understanding of body structures and function such as human biology, physiology and anatomy including detailed musculoskeletal anatomy with an emphasis on the upper limb; and
- the equivalent of 4.5 Flinders units (0.125 years FTE) of study focused on an understanding of the human and social environment and social perspectives in health such as psychology and sociology; and
- the equivalent of 4.5 Flinders units (0.125 years FTE) study of research methods; and
- the equivalent of 4.5 Flinders units (0.125 years FTE) of study in communication skills.

Applicants who did not achieve the minimum GPA in their completed Bachelor degree or equivalent qualification, can be considered on the GPA achieved in a graduate certificate provided they have completed a minimum one semester full-time equivalent study in this course. In addition, applicants can also be considered on the GPA achieved in a minimum of one-semester of full-time equivalent study or more undertaken in another Bachelor degree, graduate diploma or Masters degree of their choice, even if this course is not completed.

Every effort has been made to ensure the information in this brochure is accurate at the time of publication: April 2020. Flinders University reserves the right to alter any course or topic contained herein without prior notice. Alterations are reflected in the course information available on the University's website.
